**The Simple Slider™
Series 1 Camera Slider**

Camera Motions is a designer and manufacturer of complex linear motion systems and we believe in the empowerment of the individual. Our Simple Slider is meant for new cinematographers who have new ideas and little cash. Genius is all about *YOU*. In the age of DSLR's you can be the next great movie maker. Technology has laid a gift in your hands. Ten to fifteen years ago you would need \$ 250,000.00 to shoot a great scene...No More! Scrub the studios and the **FAT CATS!** *"Break on Through!"* For every new film maker we will design a dolly system around your needs and your wallet. *That's our promise.*

**Series 2
Series 3**
